## Our Placement Process

- 1 Registration & Assessment — enroll and complete a quick skills assessment.
- 2 Skill Training — hands-on classes with industry-active trainers and real projects.
- 3 Resume & Mock Interviews — resume reviews and mock technical interviews with feedback.
- 4 Interview Scheduling — we connect job-ready students with our hiring partners.
- 5 Placement & Follow-up — offer support and check-ins after you join your new role.
